URBAN SERIES ~ Backpack

Design concept:
To meet the demand of people who pursue a taste in fashion, and to provide the utility for people at work and leisure. * Made of Dupont certificated CORDURA® fabric "

* CORDURA® fabric is what many of the most respected brands, retailers and militaries around the world use when they need to make a product that's durable, versatile and reliable. Constructed using high tenacity fiber technologies, weight for weight, CORDURA® fabrics are exceptionally durable. Fact is, no matter the application, our fabrics are "best-in-class." But more importantly, they have to pass our own stringent test criteria before they can earn the CORDURA® brand name. They're available in a wide range of weights – from ultra lightweight to heavy weight. And CORDURA® fabrics come in many different constructions and textures. All in all, they're the fabrics that make strong, long-lasting products even tougher in several categories - from outdoor gear and workwear to luggage, military and upholstery.

Backpack

Features:

- Water-resistant finish on the fabric - Ready for the changes of weather.
- Light , easy clean and durable for maintain the brand new like surface.
